Council of the City of Philadelphia Office of the Chief Clerk Room 402, City Hall Philadelphia

(Resolution No. 240676)

RESOLUTION

Recognizing September 2024 as “Prostate Cancer Awareness Month” to raise awareness about the importance of screening for and treatment of prostate cancer, to encourage prostate cancer research, and to encourage Philadelphians to take an active role in the fight to end prostate cancer.

WHEREAS, More than 3 million men in the United States live with prostate cancer. 1 in 9 men in the United States will be diagnosed with prostate cancer in their lifetimes and 1 in 41 men in the United States will die from prostate cancer; and

WHEREAS, Prostate cancer is the most commonly diagnosed non-skin cancer and the second leading cause of cancer-related deaths among men in the United States. For 2024 it is estimated, 299,010 men will be diagnosed with, and 35,250 men will die of prostate cancer; and

WHEREAS, 41.9 percent of newly diagnosed prostate cancer cases occur in men under the age of 65 and the odds of developing prostate cancer rise rapidly after age 50; and

WHEREAS, African American men suffer from a prostate cancer incidence rate that is significantly higher than that of White men and have more than double the prostate cancer mortality rate than that of White men; and

WHEREAS, Having a father or brother with prostate cancer more than doubles the risk of a man developing prostate cancer, with a higher risk for men who have a brother with the disease and the highest risk for men with several affected relatives; and

WHEREAS, Screening by a digital rectal examination and a prostate-specific antigen blood test can detect the disease at the earlier, more treatable stages, which could increase the chances of survival for more than 5 years to nearly 100 percent; and

WHEREAS, Only 30 percent of men survive more than 5 years if diagnosed with prostate cancer after the cancer has metastasized; and

RESOLUTION NO. 240676 continued

WHEREAS, There are no noticeable symptoms of prostate cancer in the early stages, making appropriate screening critical; and

WHEREAS, Ongoing research promises further improvements in prostate cancer prevention, early detection, and treatment; and

WHEREAS, Educating people in the United States, including health care providers, about prostate cancer and early detection strategies is crucial to saving the lives of men and preserving and protecting families; now, therefore, be it

RESOLVED, THAT THE COUNCIL OF THE CITY OF PHILADELPHIA, Designates September 2024 as “Prostate Cancer Awareness Month” to raise awareness about the importance of screening for and treatment of prostate cancer, to encourage prostate cancer research, and to encourage Philadelphians to take an active role in the fight to end prostate cancer.
